EXPERIENCE

Ez-Digital-Services

Junior Web Developer | Jan 2023 - Apr 2023

- Developed and maintained responsive and user-friendly websites using HTML, CSS, and JavaScript.
- Assisted in the design and implementation of front-end features for client projects, ensuring cross-browser compatibility and optimal performance.
- Collaborated with senior developers to debug and troubleshoot issues, contributing to the timely delivery of projects.
- Engaged in continuous learning by attending web development workshops, online courses, and tech conferences, staying up-to-date with the latest trends and technologies.
- Attended team meetings and contributed actively to discussions on project requirements and progress updates.

SUVC

Graphic Designer | Jul 2021 - Sep 2021

- Created visually appealing and impactful designs for various digital and print media, including logos, brochures, banners, social media graphics, and promotional materials.
- Collaborated with clients and team members to understand design requirements, project objectives, and target audience, ensuring designs aligned with brand identity and marketing goals.
- Successfully managed multiple design projects simultaneously, meeting tight deadlines and maintaining high-quality deliverables.

Vikasana

Marketing Executive | Jun 2021 - Jan 2023

- Developed and executed comprehensive marketing strategies to drive brand awareness, customer acquisition, and revenue growth.
- Managed and coordinated multi-channel marketing campaigns, including digital marketing, social media, email marketing, and traditional advertising, to reach targeted audiences and achieve marketing objectives.
- Oversaw the planning and execution of events, trade shows, and promotional activities, contributing to increased brand visibility and lead generation.

PROJECTS

redBusy

Online Bus Booking System | Skills: Asp.net, SQL, C#, HTML, CSS, JS

- Developed a user-friendly web application for online bus booking, enabling users to search, view, and book bus tickets conveniently.
- Implemented the front end using ASP.NET web forms, HTML, CSS, and JavaScript to ensure a responsive and intuitive user interface.
- Utilized C# as the backend programming language to handle user requests, perform server-side validation, and manage data interactions.
- Integrated a robust database system (e.g., SQL Server) to store bus schedules, seat availability, and customer information securely.

Menu

Online Restaurant Menu Management | Skills: HTML, CSS, JS

- Created visually appealing and impactful designs for various digital and print media, including logos, brochures, banners, social media graphics, and promotional materials.
- Collaborated with clients and team members to understand design requirements, project objectives, and target audience, ensuring designs aligned with brand identity and marketing goals.
- Successfully managed multiple design projects simultaneously, meeting tight deadlines and maintaining high-quality deliverables.

Job Portal

Online Jobs Management | Skills: HTML, CSS, JS, PHP

- Developed a fully functional online job portal management system using PHP and MySQL, providing a seamless platform for job seekers and employers to connect.
- Utilized XAMPP server for local development and testing of the application, ensuring a stable and secure environment during the development phase.
- Implemented user registration and login functionalities with PHP sessions and password hashing, enhancing the system's security and user authentication.
- Designed and developed an intuitive user interface with HTML, CSS, and JavaScript, creating a user-friendly experience for job seekers and employers.
